

In a continuous effort to harmonise the access conditions to the joint ACI list of the interpreting services of the EU Institutions, the ECI (Executive Committee for Interpretation) has decided, by analogy with a recent decision taken on the non EU languages of the UN family and Japanese, that, from the day of publication of this decision, interpreters with Croatian, Serbian, Bosnian and Montenegrin A languages will only be granted an inter-institutional accreditation on the basis of an inter-institutional test.

The status of interpreters already on the list will be maintained. Any change to active or passive languages will be made on the basis of tests in line with current procedures. Recognition of Croatian, Serbian, Bosnian and Montenegrin as additional C languages may be done on the basis of a personal affidavit.
