Challenges of Wildlife Trafficking in the Horn of Africa

- Inadequate understanding of the significance and role of the Horn of Africa in the international wildlife trade.
- Limited cooperation amongst enforcement officials within and beyond the HoA region.

Challenges of Wildlife Trafficking in the Horn of Africa

- Inadequate understanding of the links that exist between wildlife trafficking and other forms of TOC.
- Enforcement officials lack awareness about the scale and significance of wildlife crime, are not fully trained, and are ill-resourced to interdict it.

The unrest in Yemen and Somalia facilitates the Somalia /Yemen route for wildlife trafficking

The Way Forward

The foundation has been laid by the following partners for engaging key member states and constituents in combatting wildlife trafficking in the Horn of Africa and the Middle East.

- HA-WEN Secretariat
- IGAD
- Ethiopian Wildlife Conservation Authority (EWCA)
- INTERPOL
- Lusaka Agreement Task Force
- Horn of Africa Regional Environmental Center and Network
- African Wildlife Foundation
- Freeland Foundation
