

# PAYNESVILLE CITY CORPORATION

## Solid Waste Management

# Liberia

# PAYNESVILLE CITY HALL

- Office of the Mayor
- City Administration
- Ballroom
- Courtyard

# Current Waste Management Challenges

- ▶ Communities create dump sites at random, expecting the City to collect;
- ▶ Garbage skips are limited, creating heaps of unorganized waste;
- ▶ Limited access to waste collection equipment;
- ▶ Limited access to the landfill;
- ▶ Limited financing;
- ▶ Limited means of enforcement (64).

# Current Challenges

- **Equipment**

- **Fire**

# Current Challenges

- **Pollution**

# Challenges

# Challenges

# Proposed Solutions

- ▶ PCC & Communities identify ideal primary dump sites
- ▶ Community Based Enterprises (CBEs)
  - ▶ Recycling
  - ▶ Composting
- ▶ Outsourcing of Secondary Collection Chain
  - ▶ Collecting from Community Dump Sites
  - ▶ Transporting to and dumping at the landfill

# Current Partners with Greater Monrovia

- ▶ World Bank/LRTF (EU, Germany, UK)
  - ▶ CLUS Project
    - ▶ Establishment of a new landfill
    - ▶ Closing existing landfill
    - ▶ Procuring equipment for Waste Management
- ▶ European Union/Cities Alliance (UNOPS)
  - ▶ Primary Waste Collection Project
  - ▶ Waste to Energy Project
- ▶ Community Leaders
  - ▶ Community Involvement with monitoring waste disposal
- ▶ Local Contractors
  - ▶ Equipment rental
