

DRAFT AGENDA

**Clima East: Support to Climate Change Mitigation and Adaptation in Russia and
ENP East Countries**

**Agriculture and waste policies and measures as part of Intended
National Contribution of Azerbaijan to 2015 Agreement**

**3rd INDC Work Group meeting
&
Agriculture and Waste sectoral Workshop
22-23 January, 2015**

Venue: Baku, ADA University OR Hotel Central Park Hotel (TBC)
Address:

The project *Clima East: Support to Climate Change Mitigation and Adaptation in Russia and ENP East Countries* is an EU funded project that assists the Eastern Neighbourhood Partnership Countries and the Russian Federation in approaches to climate change mitigation and adaptation. The project seeks to foster improved climate change policies, strategies and market mechanisms in the partner countries with special focus on UNFCCC compliance such as the Intended Nationally Determined Contributions (INDC) and preparations for the 2015 Agreement.

The workshop provides support to the INDC *Working Group* of Azerbaijan which has been mandated by the Council of Ministers to prepare INDC of Azerbaijan as country input to the 2015 Agreement in Paris. The process of the INDC preparation is coordinated by the Ministry of Ecology and Natural Resources and supported by *Clima East* project. The workshop is the third sectoral event co-organized with the third INDC WG meeting. The participants will discuss policies, measures and reduction potential of two key sectors: agriculture and waste management in Azerbaijan and determine next steps in the INDC process.

The expected outcome of the workshop will provide input on the two sectors to the INDC under preparation whilst the INDC WG meeting covers all sectors and their progress on the INDC draft.

DAY 1: Thursday, 22 January, 2015

Agriculture as part of Intended Nationally Determined Contributions and 2015 Agreement.
Overview of agriculture and waste sector related policies, INDC preparation status in Azerbaijan

9:30	Registration and coffee
