

# COP23

## Key Issues for African Group

Selam Kidane Abebe

Legal Adviser to the African Group of Negotiators

# COP 22 Decisions

- Decision on inclusive and coherent development of the rulebook the Paris Agreement,
- COP to continue to oversee the implementation and completion of the work programme resulting from the relevant requests contained in decision 1/CP.21.
- Decision on the Adaptation fund to serve the PA. (may serve)
- Decision on Capacity building and early implementation of Article 11 of the PA
- Decision on submission of views, APA,SBs.

# Next steps: PA implementation

- Maintaining the political momentum for climate action.
- Ensuring the balance between climate action (adaptation and mitigation) and support (means of implementation)
- Recognition of developing countries efforts (Article 4 and Article 7)
- African Group African initiatives (AREI) and (AAI)

# COP 23 Priorities

- Ensuring a comprehensive, balanced, fair and rules-based regime to reflect the PA and its implementing decisions to achieve the objective of the Convention;
- Operationalization of adaptation as provided under the Convention through elaborating the global goal for adaptation of the PA,
- Increasing the pool of finance for African countries, advancing fast track, and enhancing direct access to support climate action;
- Accelerating the elaboration of the technology framework to support implementation of climate action and importance of early implementation of capacity building provisions for addressing capacity gaps; and
- Enhancing pre-2020 action

**Thank you**
