

## Report Template for EU Events at EXPO

Event Title :	European agriculture, policy ar	nd food	Date:	9 June 2015
	security: What's at stake?			
Event Organiser:	E1/E5			
Event Target	Stakeholders, academics, decis	ion makers		
Group:				
Rapporteur:	Kathrin Maria RUDOLF	Email: Kath	rin-Maria	.RUDOLF@ec.europa.eu
Event Concept				
Food security is the	overarching theme of the EXPC	2015 and a k	key object	tive of the Common Agricultura
	s very beginning. Embracing sev		•	· · ·
nutrition – the issu	e of food and nutrition securit	y (FNS) is int:	rinsically	linked to the question of how
European agricultur	e can contribute to it and how	to build a res	silient, su	stainable and healthy Europea
food systems.				
Expected Outcomes				
The expected outcome	nes of the conference are			
• To address	three key dimensions of the	issue of EU	food secu	urity (sustainability, health an
	ness) by gaining additional insigh			
•	ed into the debate about future	•	•	
	e professional borders by prov	• •	•	
	archers from academia, on-grou		-	-
-		•	-	os, stakenolders) and decision
	Commission and other internation	-	-	
	clear message to stakeholders, a			
	llowing the question on food s			
	des suitable instruments for ens		•	•
and needs o	f EU citizens and is aiming to con	tinue to do so	also in fu	iture.
Main Conclusions				
The main conclusion	s of the event are			
<ul> <li>That beyond</li> </ul>	l the fundamental question of h	ow to provide	e quantita	atively and qualitatively food fo
the entire w	orld population, the EU will have	to see how to	o combine	e this need with a sustainable ye
competitive	and viable agricultural product	ion and with	the grow	ving attention of consumers for
