

## Guidelines for applying translated text to social media posts.

1. When placing translated text, always use the correct font. 'Rubik' is the official font used for all materials within the YE visual identity. It can be downloaded at the following link :["Rubik"](#).
2. Maintain the same or similar font size and leading proportion for all text, as per original example.
3. Maintain the correct margins for all text, as per original example.
4. All text is to be left aligned.
5. Do not create additional elements or any frames in visuals.

6. Do not create additional elements or logo or any frames in visuals.
- For more questions, please see the [YE style guide](#).
